Self retaining, angled jaw

Code	Description
SC-UR/015	240mm long

Sieve

Code	Description
SC-GI/5071	203mm x 50mm

Introducing the Bookwalter® Retractor System

 symmetry surgical
authorised distributor

The Bookwalter is widely used in Urology and General Surgery. The retractor is popular for Renal Transplant use and Radical Cystectomy (Bladder Removal).

Radical Cystectomy

Surgery to remove the urinary bladder. In men, removing the entire bladder (radical cystectomy) typically includes removal of the prostate and seminal vesicles. In women, radical cystectomy also involves removal of the uterus, ovaries and part of the vagina.

(Source: Mayo Clinic)

Prostate Removal

Radical prostatectomy is surgery to remove the entire prostate gland and surrounding lymph nodes as treatment for men with localized prostate cancer.

Renal Transplantation

The organ transplant of a kidney into a patient with end-stage kidney disease.

Own a Bookwalter® already?

Surgical Holdings can Repair & Refurbish your current retractor to make it look as good as new. We will also perform tests to ensure the retractor is functioning correctly and provide a report.
